

There is a cyber war raging

- Service-Disabled Veteran Owned Small Business (SDVOSB)
- NAICS:541512, 541519, 541690
- IMEI: LYN7MSHWX4E9
- EIN: 20-0797864
- GSA MAS: 47QTCA24D0061 IT Services and HACs
- 20+ years of Federal Success
- TS FCL (3SYQ8) with TS/SCI staff

Enterprise Cyber Security/Information Assurance

- Security Architecture, Cloud Engineering, and Hardening
- Rapid RMF, Assessment & Authorization to ATO
- Cross-Domain Systems – JWICS/SIPR/NIPR/Coalition
- Global Network Engineering, Cloud Migration, Continuous Monitoring
- CMMCv2 Compliance and C3PAO Advocacy for DIB contractors
- Large scale cyber training and hands-on cyber range skill development

Open-Source Intelligence as a Service (OSINT)

- Access to denied data sources in sensitive areas around the globe with protected adversary government and private data
- Ability to respond to RFIs on demand for hard intel problems

Artificial Intelligence (AI)/Machine Learning (ML)

- Fast integration of COTS tools for effective mission impact
- Integrate into legacy systems and processes
- Over 70 pre-built AI models ready for initial capability today
- You create and modify your own algorithms and models for rapid analysis

Supply Chain Risk Management & Intelligence

- Enterprise-scale SCRM Program Strategy, Development, Processes, Implementation Support and FISMA Metrics
- Advanced technology application for SCRM at-scale with thousands of suppliers including Section 889 compliance

Account Hijacking and Digital Asset Protection

- STOP account fraud with global bot threat intelligence including attribution with command-and-control details on attackers
- Extensive global compromised account information

 Contract Holder

Current and Past Global Clients:

NGA, NRO, ODNI, DHS, MDA, Navy, Army, Education, USAID, Idaho National Lab, Education, and DIB contractors

Low risk and high value engineering expertise focused on mission success

Why LP3?

Responsive, ethical, and easy to work with in any situation

Green-to-blue proposal discriminators to help prime contractors win contracts

Proven execution with 15-year+ renewals – engineering support you can count on

Govt Client Feedback: "Super, way-cool, enormous, accolades..." "POSITIVE KUDOS about the team...planning and accomplishing multiple Program reviews on time or ahead of schedule...recognized as superior work by Senior Government leadership." "I very rarely have any worries about our program because of this...my sincerest gratitude for the superior job they are doing." "I am a VERY fortunate Program Manager to have such a team."
